PRIVATE TRAVEL - CLEARLY CHOSEN

Compare private jet offers on the same basis

A discussion guide for travellers and assistants. Compare the same route, travel dates, passenger count and baggage requirements.

01 | Flight and scope

- ☐ Which airports, flight times and stops are included? What time allowances are planned for the whole journey?
- ☐ Which aircraft type is offered? Who operates the flight and who acts as broker? Does the aircraft suit the baggage and payload for this trip?

02 | Complete costs

- ☐ How are flight time and any minimum flight hours calculated? Is positioning included?
- ☐ Could handling, parking, de-icing, catering or transfers cost extra? Are mandatory charges and taxes clearly listed?
- ☐ Which amounts are refundable deposits and which are final costs? In which currency is the offer quoted?

03 | Before deciding

- ☐ What happens if plans change, the trip is cancelled or the aircraft is substituted? How long is the offer binding?
- ☐ Are responsibilities, contact details and the full scope confirmed in writing? Resolve unclear items before booking.

My open questions / next step:

Not a specific offer, price or availability guarantee, or safety certification. The current provider offer and contract govern the booking.
